## EDUTRUST CAPABILITY ENHANCEMENT CONSULTANCY

### We provide Quality EduTrust Certification Consultancy

Kingsbridge Consultancy is pleased to offer the EduTrust Capability Enhancement Consultancy programme for PEIs. In this programme, we provide the following EduTrust Certification Consultancy support to help PEIs obtain their EduTrust Certification Mark.

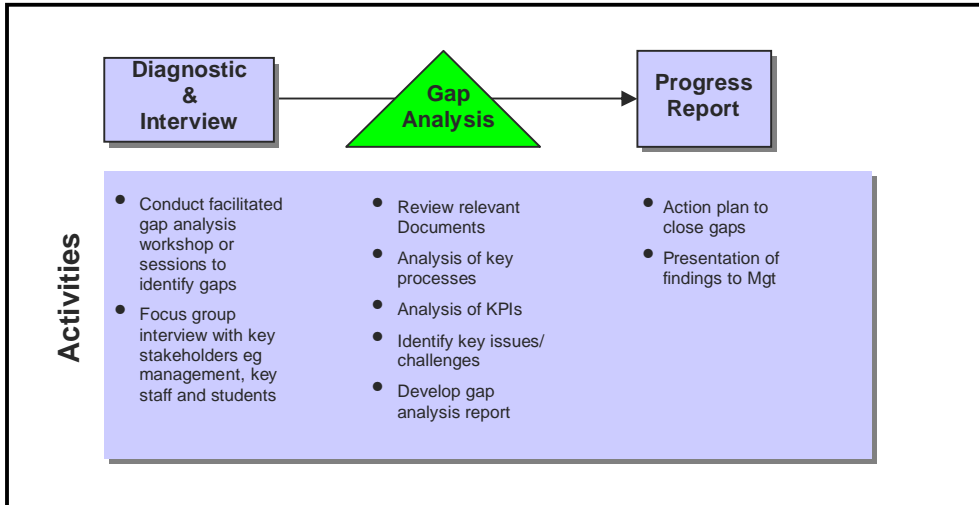

### EduTrust Capability Enhancement Consultancy package

1. *Edutrust Diagnostics Consultancy* to help organization more accurately identify gaps between current state and Edutrust required state which needs to be worked on.

Our approach for Diagnostics Consultancy is provided below:

The entire diagnostics consultancy is usually conducted through meetings with key process owners of the PEI in discussion and evidence gathering.

**2. Enhancement of School System and Capability** – this is to level up the systems and processes to meet Edutrust requirements, helping organization move from a current band 2/3 grade on the Edutrust scoring criteria to achieve a Band 4/3 grade on Edutrust Score.

The approach for enhancing school system and capability is through:

This phase of consultancy will involve key process owners or staff of the identified area who needs to be involved in the enhancement of the processes, systems and procedures. The duration of the consultancy will depend on the number of identified

areas to be enhanced. A roadmap will be given to help the PEI to maintain the system for continual improvement.

3. **Preparation of Site Visit** - A mock site visit would also be conducted in preparation for the site visit. This would include common questions that would be asked in the audit process, how respondents might respond to the assessors and do's and don'ts in the audit process and an overall feedback so as to improve the overall presentation for the site visit.

Deployment session(s) can be conducted for all employees in preparation for the site visit. These session(s) would cover the brief overview of the EduTrust process and framework vis-à-vis what the organisation has put forward in its presentation. Mock role plays would be conducted to familiarise the employees with the questions that might be asked of them.

## BENEFITS of engaging Kingsbridge's Consultants:

Develop and strengthen management systems and processes in a systematic way to enable organization excellence

Enhance organisational credibility to customers and other stakeholders

Proper guidance and support while preparing for certification
